

RESORT & SPA

THE MOUNTAIN CLUB *on Loon*

LOON'S ONLY SLOPESIDE RESORT FOR ALL SEASONS

Happy Easter!

From The Mountain Club on Loon

We hope this note finds you and your family all well and safe

As our 2021 winter slowly transitions into mud and Spring, one needs to remember all the happiness that you and we provided to **2933** families who enjoyed their retreats to Loon and The Mountain Club since December

The winter rental program, even with COVID, was as successful as any past winters. Our Mountain Club Team remained healthy as our profit centers performed well. If you rented your unit(s), your checks should be an indication that the winter has gone well.

Ski thru April 18th

Loon Mountain is now making tickets available thru April 18th.

Original plans were to close April 11th, but hill conditions and strong demand prompted them to extend.

Our Black Diamond Pub will remain open thru the same date....then reopen May 7th.

Viaggio Spa remains open throughout the spring!

Lockers

So many requests - So few lockers

13 lockers are now available in the nine west lobby.
Rental is \$500 per year

To be fair, **all submitted names of Owners in good standing** will be put into a hat. Winners will be drawn at the Spring Quarterly Board of Directors Meeting.

Please Submit Name Here - Now!

Spa Wing Refurbishment

Spa Wing will close April 5th for scheduled, final refurbishment of remaining units, which will likely last into June.

Spa Wing Owners visiting during this period will occupy another section of the property.

Future off-season refurbishments will now move into the next phases of the property.

A Bit of Extra Security

If you have not visited here lately, you will now find the building is locked and a key card is required to enter - other than our front door.

The slope side patio door does remain unlocked from 7 am to 10 pm

This added security is in keeping up with industry trends
